Welcome to this week’s newsletter. Firstly a BIG thank you to all the school and community members who helped out at last week’s athletics carnival. Thanks also to Tony Holgate, who marked out the field for us. The day was a great success due to your efforts, with many positive comments made by all who attended. Congratulations to our two students, William & Troy, who made it through to Murray/Darling level. They successfully competed last Friday and while William & Troy did not make it through to Barrier Athletics, they put on a good show and made us very proud.

Last week I attended a Principal’s Meeting. One of the items on the agenda for discussion was “Local Schools, Local Decisions”. I must confess to being very excited by the changes which are going to occur in the near future. The current system has been in place for a very long time (since the 1960’s) and some updates are long overdue. School operations should be much more streamlined under the new system.

Next week I will be away for part of the week attending a leadership conference in Dubbo. We will also be having a visit from the Flying Padre on Monday and the fire brigade on Tuesday. The term is shaping up to be very busy indeed.

Until next time

Lynn Starkey

Did you know?

Australian kids only spend 15% of their total time at school. They spend more time asleep than they do at school. Let’s maximise every day to get full value.

Joke’s of the Week!

Why don’t they hold Exams in the jungle?

Because there are too many Cheetahs
